The 2018 JoAnn Falletta International Guitar Concerto Competition

Rules of the Competition and Application Information

The Competition is open to classical guitarists of all ages at the onset of their careers and who are not represented by major artist management.

Preliminary Round:

Falletta Competition history has shown that a majority of applicants enter with the Rodrigo Concierto d'Aranjuez. Since the Final Round concert **MUST** be comprised of **three different** concerti, applicants are strongly encouraged to make an alternate selection. You now have the **option** to enter with two concerto choices. In this case, all requirements must be submitted for each concerto as indicated below. If you choose to enter with two concerti and are selected to advance to the Semifinal Round, you will be notified which concerto you will perform for the rest of the competition. The decision of the judges is final. Remember, the Final Round concert **MUST** be comprised of **three different** concerti.

Please select one or two of the concerti listed below.

The 2018 JoAnn Falletta International Guitar Concerto Competition is pleased to announce an additional prize along with an expanded choice of repertoire.

“The William R. and Carol A. Greiner Award”

The award will be US \$3,000.00 to any competitor advancing to the Final Round with a concerto from Category A.

The purpose of this prize is to encourage guitarists to broaden the vision of concerto repertoire while exposing orchestral audiences to magnificent works for guitar and orchestra not commonly heard.

This award shall go to any competitor who has entered the competition and advances to the Final Round with a concerto from Category A. In the event that more than one competitor advances to the Final Round with a work from Category A, the award shall be shared equally among them. If no competitor advances with a Category A concerto, the Prize shall not be awarded.

Please note that this award is in addition to any First, Second or Third Prize awarded in the event.
